

Recreation for disabled persons

Oneida County continues to improve its facilities to provide access for everyone. We strive, to the extent possible, to make our county parks and forest facilities accessible to all.

Oneida County maintains 3 trail systems that were specifically developed to provide disabled citizens reasonable motorized access into the County Forest. These trails are evenly distributed throughout the Oneida County Forest with one trail located in each of the three County Forest Blocks (i.e. Enterprise, Cassian/Woodboro, and Lynne/Little Rice). Maps are available [here](#).

Uses of these areas include, but are not limited to, hunting, berry picking, bird watching and sight seeing. In order to qualify for a Disabled Access Trail Permit, a person must hold a valid WDNR Class A or Class B disability identification card as defined by WI State Statutes. County Forest Disabled Access Trail Permits are valid for one year at no cost, with the optional use of a gate key available for a refundable deposit of \$50.

Special facilities at [Almon Park](#) include a large covered pavilion with accessible picnic tables and designated parking.

An asphalt path leads to the shore of [Perch Lake](#) and an accessible fishing pier. The covered shelter has wheelchair accessible picnic tables near a fieldstone fireplace.

The [Enterprise ATV Campground](#) has a one campsite with an accessible picnic table designated for mobility-impaired persons.

All toilet buildings at Almon Park, Perch Lake Park, and the Enterprise Campground are wheelchair accessible.
