Are you planning on traveling seasonally? Are you planning an extended trip away from the Oscar G Johnson VA Medical Center in Iron Mountain, MI?

If so, you may need to do some coordination of your medical care with another VA healthcare facility if you do not have an assigned physician in that location.

To ensure your care, including medication refills, continues uninterrupted during periods

of extended travel, please inform your Primary Care or Patient Alignment Care Team (PACT) of your plans in advance of your departure date. This will enable the Traveling Veteran Coordinator (TVC) to arrange for you to receive any needed or continuing VA medical services while you are away.

Be sure to tell your PACT team what your temporary address and telephone

number will be so that your medication refills can be sent to you there and the can assist with your care.
