Section 4. Section § 5.02 (2)(f) of the General Code of Oneida County, Wisconsin, is amended as follows:

{all other sections of 5.02 remain unchanged}

Offered and passage moved by: Steven Schreier

Discussion: Schreier stated that this allows a change in the language of the County Code as it refers to the application process regarding Deputies that are being hired at the Sheriff's Department. Schreier stated that currently there is a 60 college credit minimum for hiring a deputy. Schreier reported that at this time the process has been to allow hiring with 28 credits and the new hire was allowed to acquire the remainder of the credits to establish the minimum requirement of 60 credits within a certain period of time. Per Schreier, hiring has been very difficult for some of these positions and this change is to codify what the current practice is. Corporation Counsel Fugle explained the process of how this Resolution was presented to the County Board. Holewinski stated that any Supervisor can bring a Resolution forward to the County Board. Chief Deputy Dan Hess went over past requirements of new hires. Per Hess, the state requires 60 college credits within a five-year period.
