Subject: Public Safety Bubba's Big Party Permit

Over that last week, I have received several calls and emails from citizens in my District 11, requesting that the Public Safety Committee turn down and not issue a permit for Bubba's Big Party, based upon the obvious health risks associated with this event.

I believe that the Public Safety Committee should adopt and follow the Oneida County Health Department's guidelines regarding large group gatherings.

I feel strongly that the Public Safety Committee NOT issue a permit for this event.

Bob Thome
County Supervisor
District 11
